WINCHESTER CHRISTMAS MARKET

Winchester Christmas market is held every year in the grounds of the Cathedral. It has 128 chalets selling a wide range of high quality art and crafts items, seasonal gifts and food and drink at reasonable prices, including of course the inevitable mulled wine. It is claimed by many to be one of the best Christmas markets in Europe and it even has an ice rink. Be warned that we cannot accept any responsibility for injuries if you decide to give it a try!

If you have not visited the Cathedral before it is well worth doing so. It is one of the largest Cathedrals in Europe and King Arthur's Round Table is a focal point.

If you have some spare time you can always fit in a visit to the Winchester Science Centre and Planetarium or Winchester College. If that does not appeal there are plenty of independent shops worth a visit.

The market opens at 10 am and is generally quieter in the mornings, hence the reason we plan to get there early, enabling us to arrive home before it gets too dark.

BOOKING

This outing is only open to SU3A K2members.

Bookings will be accepted at the monthly meeting on Thursday 9th October. Any forms and cheques posted to Valerie before that will not be processed until after the meeting, subject to places still being available.

You may also only book for yourself and one other member.

A confirmation email will be sent to members who have secured a place.

REFUNDS AND CANCELLATIONS

In recent times the number of cancellations on outings has exceeded the number of places that can be resold, the decision on whether a refund or part refund is possible will be taken only after the outing has taken place. If the number of cancellations on the outing exceeds the number of places that have been resold, there will be no refunds. Please do not book a place if you think you might have to cancel.

**WINCHESTER CHRISTMAS MARKET
